You're on an exchange year in **Santa Barbara, California** and you've decided to take a seven-day trip. Choose where you want to go (e.g. Los Angeles, San Diego, San Francisco, etc.). Before you go on your trip, you need to do a bit of research:

1. Look up the **weather forecast** here: <https://www.theweathernetwork.com/us>
2. EXTRA (nicht Pflicht!): Find out **how to get to your destination, how long it'll take and how much your trip will cost:**

<https://beta.amtrak.com/home.html?amtrak=031520a3f7z6>

Type in: Santa Barbara

Type in your destination
e.g. Los Angeles

Talk about:

- **where you want to go and why** e.g. I want to go to Los Angeles because I've always wanted to visit Universal Studios Hollywood.
- **the weather** e.g. There'll/There **will** be a thunderstorm on.../ It'll/It **will** be sunny... (use the vocabulary on p. 122 and 123 in your sb)
- **what you need to pack** e.g. I need to pack a warm sweater because it'll be cold in the evenings.

- **the activities you'll do based on the weather forecast** e.g. Since it'll rain most of the week, I think I'll visit the MOCA.
- **How to get to your destination, how long it'll take and how much your trip will cost.**

Use your phone to record yourself and send Ms. Savoie the audio file via wetransfer.com. You'll need to enter my email address:
